**IN-GROUND POOL ALARM SOLUTION**

More homeowners choose Poolguard alarms

Once the inground pool alarm is installed in the pool it cannot be de-activated; it is tamper proof and always in the alarm ready mode.

- Detects intruders
- Easy to use
- In house remote receiver
- Horns are 85 dB at 10 feet

see details

**SAFETY BUOY ABOVE GROUND POOL ALARM**

Easy directions makes set up a breeze

Safety Buoy is designed to be used in any aboveground pool including quick set, soft sided and portable above ground pools, as well as spas.

- Sub surface detection technology
- Low battery alert
- Includes a remote receiver
- Tamper proof

see details

**POOL GATE ALARM**

Play-it-safe gate alarms help detect intruders

All pools should be fenced, but the gate is the weakest link, therefore you should always install a gate alarm to protect your family.

- Perfect for gates, doors or screens
- Alarm sounds in 7 seconds
- Includes adult pass through feature
- Automatically resets

see details

**INTERIOR DOOR ALARMS**

Keep the whole family safe and sound

The majority of children that drown in pools simply walk out the back door. When a child opens a door with a Poolguard Door Alarm you will know immediately.

- Simple to set up and operate
- Complies with building codes
- Includes adult pass through feature
- Automatically resets

see details

What our customers are saying.

- “This alarm worked perfectly and gave us peace of mind while grandkids were here.”
- “We entertain often and this product gives us peace of mind when guests are over.”
- “Best on the market. I have literally tried several different manufacturers.”
- “Customer service is outstanding, and I will recommend your products to others.”
- “Seven-year-old granddaughter jumped in the pool and the adults knew right away.”
- “Excellent pool alarm. Had it installed and working within 15 minutes.”

## INGROUND POOL ALARM - MODEL PGRM-2

[installation video](#)

[product manual](#)

[warranty registration](#)

[purchase](#)

### 3 Year Warranty

Never worry again about your pool's safety when you step away! The Poolguard Inground Pool Alarm is certified by global and rigorous standards organization ASTM International. This electronic sensor is loaded with patented features to detect entry into the pool by children, pets, or intruders so you're immediately in the know. New sensing technology provides less chance of false alarms due to wind, rain or small objects such as sticks or toys entering the water.

- Detects intruders
- Sits on deck
- Battery powered
- Low battery indicator
- New sensing technology
- Easy to use
- Completely portable
- Automatic reset
- Affordable price
- Important safety feature
- In house remote receiver
- Horns are 85 dB at 10 feet
- NEW Weatherproof design
- NEW Sensing technology
- NEW Microprocessor technology
- **MSRP: \$284.95**

### Features and benefits

- The inground pool alarm, once installed in the pool, cannot be de-activated; it is always in the alarm ready mode.
- The alarm will sound an alarm when removed from the pool.
- Sleep mode: when you would like to use your pool, simply remove the alarm from the pool and put it into sleep mode.
- Automatic wake-up: The inground pool alarm will automatically wake up and run a system test when installed into the pool.
- The inground pool alarm comes with an in-house remote receiver that has a range up to 200 ft, and comes with a 12 volt power supply.
- The inground poolside alarm works on a 9-volt battery (not included); with a battery life of approximately one year.
- Audible low battery indicator at the poolside alarm is also indicated by the in house remote receiver.
- New sensing technology provides less chance of false alarms due to wind, rain or small objects such as sticks or toys entering the water.
- Poolguard alarms can be used in pools up to 20' x 40' or 800 square feet.
- The inground pool alarm can be used with a solar blanket.
- Most reliable, advanced, and affordable alarm available.
- Poolguard PGRM-2 is designed to detect intrusions similar to a one year old child.

Meets New York, CA, CT, FL, and TN state alarm codes

## ABOVE GROUND "SAFETY BUOY" POOL ALARM

[product manual](#)

[warranty registration](#)

[purchase](#)

### One Year Warranty

Poolguard Safety Buoy above ground pool alarm, is designed to be used in any above ground pool including quick set, soft sided and portable above ground pools, as well as spas. The Safety Buoy alarm is the only floating alarm NSF certified to the ASTM F2208 pool alarm standard. The Safety Buoy floats on the water and uses subsurface detection technology and includes an in-house remote receiver with a 200 ft. range.

- Floats in pool
- Battery powered
- Low battery indicator
- Completely portable
- Subsurface detection
- Meets barrier laws
- Easy to use
- Automatic reset
- Affordable price
- Patent pending
- Made in the USA
- **MSRP: \$195.95**

### Features and benefits

- Safety Buoy alarm functions are controlled by the units Red Key.
- Silent installation and removal feature.
- Tamper proof. Alarm will sound if removed from the pool.
- Constant protection. Always on and cannot be turned off.
- Sleep mode. The Safety Buoy must be removed from your pool when swimming.
- Safety Buoy includes a remote receiver with a 200 ft. range.
- One 9-volt battery. (not included)
- Low battery function audible alert.
- Sensing technology reduces false alarms due to wind, rain or small objects.
- Works with above ground pools 30' in diameter and up to 18' X 36'.
- Tested and certified by NSF International to the ASTM standard safety specification for residential pool alarms, ASTM F2208-08.
- Ideal for above ground pools, soft sided portable pools and spas.
- The Safety Buoy is designed to detect intrusions.
- The Safety Buoy is the only floating pool alarm that uses sub surface detection technology.

Meets New York, CA, CT, FL, and TN state alarm codes

## GATE ALARM - MODEL GAPT-2

[product manual](#)

[warranty registration](#)

[purchase](#)

### One Year Warranty

The Poolguard gate alarm can be installed on any pool gate, outside door, or screen. If a child opens the gate, the alarm sounds in 7 seconds, even if they close the gate. Under all conditions, the alarm is always on and always resets itself. The alarm will prevent someone from mistakenly leaving your gate open for children to pass through. The Poolguard gate alarm has an adult pass through option, which allows adults to enter the gate without the alarm sounding.

- Gates, door or screen
- Alarm sounds in 7 seconds
- Always on
- Automatically resets
- Gate open alert
- Adult pass through feature
- Audible low battery indicator
- 9-volt battery (not included)
- Includes 3ft UL wire / sensor / magnet
- **MSRP: \$74.95**

### Features and benefits

- Poolguard Gate Alarm can be used on any gate, outside door or screen giving access to your pool.
- Alarm sounds in 7 seconds if a child opens the gate, even if they close the gate.
- The alarm is always on and always automatically resets under all conditions.
- Alarm will not allow someone to accidentally leave your gate open for children to wander through.
- Gate Alarm is equipped with an adult pass through feature that allows adults to go through the gate without the alarm sounding.
- The Gate Alarm is equipped with a low battery indicator and will audibly alert you when your battery is getting low.
- The Gate Alarm uses one 9-volt battery, (not included) and battery life is approximately one year.
- Alarm comes with 3 feet of UL approved hook-up wire and a sensor switch and sensor magnet designed for gates.

## DOOR ALARM - Model DAPT-2 / ALARM SOUNDS IN 7 SECONDS

[product manual](#)

[warranty registration](#)

[purchase](#)

### One Year Warranty

The Poolguard Door Alarm DAPT-2 mounts next to any door which gives easy access to your swimming pool. Any door which allows young children easy and quick access to a pool area is dangerous and should have a door alarm. The Poolguard Door Alarm comes with two magnetic switches, hook-up wire and operates on one 9-volt battery. The door alarm has a delay switch which allows an adult to pass through the door without the alarm sounding.

- Complies with building codes
- Simple to operate
- Automatic reset
- Battery powered
- Easy to install
- 85 dB horn at 10 feet
- Pass through feature for adults
- Low battery indicator
- **MSRP: \$63.95**

### Features and benefits

- The door alarm will sound in 7 seconds when a child opens the door.
- Alarm will continue to sound until an adult comes to the door and resets the alarm.
- Alarm will sound even if a child goes through the door and closes it behind them.
- The door alarm is always on and will automatically reset under all conditions.
- Alarm is equipped with an adult pass through feature that will allow adults to go through the door without the alarm sounding.
- Optional screen door kits can be purchased, kit allows you to get air through your screen door without the alarm sounding.
- Poolguard Door Alarm uses one 9-volt battery, (not included) with a battery life of approximately 1 year.
- The door alarm is equipped with a low battery indicator that will audibly alert you when your battery is getting low.
- Poolguard is the only door alarm that is UL listed under

## DOOR ALARM - Model DAPT-WT / ALARM SOUNDS IMMEDIATELY

[product manual](#)

[warranty registration](#)

[purchase](#)

### One Year Warranty

The Poolguard DAPT-WT Door Alarm is equipped with an adult pass-through feature that allows adults to go through the door without the alarm sounding. The Poolguard Door Alarm will sound immediately when a child opens the door, and the alarm will continue to sound until an adult comes to the door. If a child goes through the doorway and closes the door, the alarm will sound for 5 minutes and then automatically reset. The Poolguard DAPT-WT Door Alarm is always on and uses one 9-volt battery and features an audible low battery indicator.

- Alarm sounds immediately
- Wireless transmitter pass-through feature
- Simple to operate
- Easy to install
- Complies with barrier codes
- Low battery indicator
- Battery powered
- Automatic reset
- **MSRP: \$83.95**

### Features and benefits

- The door alarm will sound immediately when a child opens the door, and will continue to sound if the door is left open.
- If a child goes through the door and closes the door, the alarm will sound for 5 minutes and automatically reset.
- DAPT-WT alarm is equipped with an outdoor wireless transmitter allowing adults to enter without alarm sounding.
- Outdoor wireless transmitter is easy to install.
- The door alarm is always on and will automatically reset under all conditions.
- The door alarm is equipped with an adult pass through feature.
- The door alarm uses one 9-volt battery. (not included)
- The door alarm is equipped with a low battery indicator.
- Poolguard has the only door alarm that is UL listed under
